Winnipeg ~ Mississauga

Hello Bookstore Friends,

Many of you have been recently contacted by Taylor and Francis US, regarding the sourcing of Garland Product, via a phone call and/or a postcard.

Login Canada would like to reassure you that the issues mentioned affect the sourcing of Garland Product for US customers only.

Login Canada remains Taylor and Francis' "Distributor of Choice" in Canada for all of their imprints, including Garland, and we will continue to house a vast selection of Taylor & Francis titles at our two warehouse locations.

We apologize for any confusion that the previously received message may have caused. If you have any questions please do not hesitate to contact your local Login Canada Sales Representative, or our friendly customer service staff.
