The Straight A's series takes you deeper by topic!

Ideally designed to give you more information to focus on a specific topic with the NCLEX exam, each book in the series contains many of the following features: (1) Unique, two-column format that lets students choose how they want to study, (2) Key points listed in the exterior columns for easy access to important information, (3) Critical information highlighted in a second color, & (4) Pre-tests at beginning of chapters and post-tests at end of chapters.

Straight A's in Psychiatric and Mental Health Nursing (9781582554488)

- Review questions at the end of each chapter in the current NCLEX format, including alternate-format questions recently included on the NCLEX exam
- Back-of-the-book CD-ROM with hundreds of NCLEX-style questions (including new alternate-format questions), along with detailed answers and rationales

Straight A's in Anatomy and Physiology (9781582555621)

- The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions—including alternate-format questions—with answers and rationales.

Straight A's in Fluids and Electrolytes (9781582556598)

- Study aids include "Top 10" Lists that save students time before exams, Time-Out for Teaching tips on patient teaching, Go with the Flow algorithms, and dozens of illustrations.
- The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions—including alternate-format questions—with answers and rationales.

Straight A's in Nursing Pharmacology (9781582556963)

Straight A's in Medical-Surgical Nursing, 2e (9781582556949)

- Organized primarily by body system, including a brief overview of the anatomy and physiology of each system
- Rationales for correct and incorrect answers provided in the posttest

Straight A's in Maternal-Neonatal Nursing, 2e (9781582556932)

Straight A's in Pediatric Nursing (9781582556970)
