The #1 Canadian Drug Guide for Student Nurses

Davis's Canadian Drug Guide for Nurses
First Canadian Edition · 2014 · 978-08036-3977-5 · $63.50

Find all of the information you need to administer medications safely across the lifespan—well-organized monographs for hundreds of generic and thousands of trade-name drugs—along with the Canadian-specific information you want.

F.A. DAVIS COMPANY
### MEDICAL-SURGICAL

**Elsevier Adaptive Quizzing for Lewis: Medical-Surgical Nursing in Canada, 3e (Retail Access Card)**  
*Sharon L. Lewis*  
Corresponding to *Lewis, Medical-Surgical Nursing in Canada, Third Edition, Elsevier Adaptive Quizzing is the fun and engaging way to focus your study time and effectively prepare for class, course exams, and the NCLEX exam.  
Mosby, $69.00

**Wound Care Made Incredibly Easy!, 3e**  
*Patricia A. Slachta*  
The action-packed reference that takes the stress out of learning about wound care—and makes it incredibly easy! Get all the basics on wound care—the fundamental skills and science you need, in easy-to-remember ways, including skin anatomy and physiology in easy-to-follow terms, basic wound care assessment, procedures, monitoring, and long-term care, and more.  
Due August 2015, ISBN: 978-14963-0631-9  
Wolters Kluwer, $67.50

**RNotes®: Nurse’s Clinical Pocket Guide, 4e**  
*Ehren Myers, RN*  
Rely on this handy guide to quickly reference the practical, must-know information you need to deliver safe and effective health care in both hospital and home settings for all of your patients. Its handy pocket size and waterproof pages are great for students and educators on the go, while NCLEX tips, highlighted throughout, make it perfect for those preparing for the licensure exam. Thoroughly revised and updated throughout, the fourth edition delivers even more of the commonly-used but rarely memorized clinical information you need in class, clinical, and practice.  
F.A. Davis, $39.50  
ebook download (PDF) ISBN: 978-08036-4115-0, $39.50

**Diseases and Disorders: A Nursing Therapeutics Manual, 5e**  
*Marilyn Sawyer Sommers, PhD, RN*  
Everything you need to know about caring for patients—in one portable, must-have handbook! Clear, but comprehensive discussions of pathophysiology, with rationales in the medications and laboratory sections, explain the scientific basis for the nursing care. Thoroughly revised and updated throughout, the fifth edition incorporates the latest scientific advances and the practice of nursing today.  
F.A. Davis, $79.95  
ebook download (PDF) ISBN: 978-08036-4487-8, $79.95

TRUSTED CANADIAN SOURCES FOR EVIDENCE-BASED TREATMENT INFORMATION

A trusted Canadian source for evidence-based treatment information for all health care practitioners involved in therapeutic decision-making. Practical, bottom-line, clinical information covering more than 200 common medical conditions is referenced and organized in a concise format by therapeutic condition. More than 72 chapters cover drug therapy during pregnancy and breastfeeding. The content is based on the best available evidence, subject to a rigorous peer review process.

2014 • ISBN: 978-1894402-89-7 • $199.00

“I use CTC 7 on a regular basis to support clinical assessment, differential diagnoses, and decision making for conditions that may be common but are less commonly seen in my daily practice. I don’t have to search several resources to find information that is pertinent, up-to-date, and Canadian. CTC 7 is a quick refresher on what Canadian guidelines/recommendations I need to consider. It is a must have for novice and experienced practitioners alike.”

Cindy Fehr BSN, MEd, MSN, NP(F) (Manitoba)

Barbara Jovaisas, BSc(Pharm), RPh

This book allows you to quickly search for nonprescription therapy options and make informed recommendations for treatment of minor ailments. It offers the practical knowledge to initiate dialogue with patients, assess their needs and help them manage conditions that can be treated without a prescription. Includes updated, evidenced-based therapeutic information on over 100 minor ailments.

All-in-One Nursing Care Planning Resource, provides 100 care plans with the nursing diagnoses and interventions you need to know to care for patients in all settings. It includes care plans for medical-surgical, maternity/OB, pediatrics, and psychiatric-mental health, so you can use just one book throughout your entire nursing curriculum. 2015, ISBN: 978-0323-26286-6 Mosby, $72.95

Nursing Care Plans: Transitional Patient and Family Centered Care, 6e (Canadian Edition) Lynda Juall Carpenito, RN Designed to help students learn how to create nursing care plans and effectively document care, this practical book focuses on the nursing plans that are most important, ensuring that students learn what they need to know and that they can find the information they need easily without being distracted by irrelevant information. More than 85 nursing care plans translate theory into clinical practice. 2013, ISBN: 978-14511-9278-0 Wolters Kluwer, $99.95

Nursing Care Plans: Guidelines for Individualizing Client Care Across the Life Span, 9e Marilyn E. Doenges, APRN, BC This all-in-one care planning resource provides the step-by-step guidance you need to develop individualized plans of care, while also honing your critical thinking and analytical skills. 167 care plans reflect the latest NANDA-I diagnoses and terminology. You’ll also now find an expanded emphasis on evidence-based practice through citations that support the incidence of the problem, the validity of the diagnostic tests, and the recommended nursing interventions. 2014, ISBN: 978-08036-3041-3 F.A. Davis, $74.50
eBook download (PDF) ISBN: 978-08036-4090-0, $74.50

Care Skills for Nurses: Student Survival Skills Claire Boyd Survive clinical skills training with this essential guide for all student nurses. Providing words of wisdom and advice from real-life student nurses, Care Skills for Nurses is an easy-to-read, quick-reference guide to all the key care skills you need to know—boosting your confidence and competence both in the clinical skills lab and on your clinical placements. 2014, ISBN: 978-1118-65738-6 Wiley Blackwell, $18.99

This is the ultimate, all-in-one study guide to the core information nursing students need for success in all of their foundational courses.

July 2015  |  9780826130228  |  $54.50

The only entry-level text to address the current state of knowledge in the field of aboriginal health.

2013  |  9780826117977  |  $79.95

This highly practical, pocket-sized reference for stroke care nurses provides quick, bedside access to the most current guidelines for diagnostic tests, state-of-the-art treatments, and best-practice standards.

2014  |  9780826127174  |  $47.50

This guide for students in diploma, AD, BSN, and RN-BSN level programs features the information that nursing students really need to know in order to achieve excellence up to and beyond the NCLEX.

2012  |  9780826193247  |  $47.95
This updated edition prepares nurses to handle awkward and challenging situations. This preparation will increase the reader’s confidence, enhance their reputation, and focus their career aspirations. Using a conversational Q&A format, author Kathleen D. Pagana provides readers with the tools they need to become a polished, confident professional. This book will help readers interact with everyone from executives to subordinates with grace and confidence, regardless of the setting or situation.
2015 | ISBN: 9781940446141 | $47.50

Cultural Sensibility in Healthcare: A Personal & Professional Guidebook
Today’s diverse healthcare landscape presents providers and patients alike with cultural experiences, challenges, and barriers. Healthcare providers must practice cultural sensibility, applying thoughtful reasoning to their own cultural awareness. In this practical guidebook, the author encourages healthcare providers to consider their own cultural attitudes, biases, beliefs, and prejudices through exercises and self-reflection. This book challenges readers to go beyond theory and explore culture as it affects their professional roles.
2015 | ISBN: 9781937554958 | $47.50

Critical Conversations in Healthcare: Scripts & Techniques for Effective Interprofessional & Patient Communication
Critical Conversations provides direction and solutions for deficits in healthcare that exist in verbal and non-verbal communication as well as scripting tool kits that can be applied in various situations and health care settings between nurses and colleagues and nurses and patients. Each chapter features do’s and don’ts, reflective questions, and practical tools. Whether you are a new nurse at the bedside or the CNO of a major healthcare facility, this book will help you deal with gossip, harassment, and other tough topics, improve your ability to address workloads, management styles, and other tricky subjects with your managers, work with frustrated families, angry physicians, and disrespectful colleagues, overcome conversation traps that make you feel like you aren’t getting your point across, improve the patient experience, and effectively communicate with families.
2014 | ISBN: 9781938835469 | $47.50

A Nurse’s Step-by-Step Guide to Writing Your Dissertation or Capstone
Earning your advanced degree is an extraordinary accomplishment, but completing those final stages can feel like a daunting task to candidates. Packed with practical steps and tools, this book will help you plan, document, organize, and write your dissertation or capstone. Don’t go it alone; let author and fellow dissertation survivor Dr. Karen Roush help you get from square one to done.
2015 | ISBN: 9781940446080 | $47.50
